

1/17/24

Dear Valued Customer,

Berry values your confidence in our products and services, as well as your continued business. As a trusted supplier, we continue our effort to minimize manufacturing costs while producing high quality materials. However, as we continue our mission to provide safe working conditions for our employees while manufacturing high quality performance wiping materials, we are experiencing inflationary impacts related to energy, infrastructure, and labor. As a result, Berry will implement a price increase of up to 8% for the following product lines effective March 1, 2024:

- Chicopee, Berry Foodservice Towels, Fiberweb, Durawipe, Veraclean, Nubtex, Flextex, Snowtex, Red Runner and Webrill products

All orders received before 8:00am Eastern Time, Friday, March 1, 2024 will be limited to 1/12 of your typical annual purchases. All orders received after this date will be billed at the new price.

As always, our team will work closely with you to manage the impact of the price adjustment and find ways to help grow your business. Your Chicopee sales contact will be in touch with you to discuss this further and answer any questions.

Thank you for your business and continued support.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Weilminster", written over a light blue horizontal line.
