

KÄRCHER

makes a difference

Toronto, Thursday, March 26th, 2026.

Dear Valued Partner,

Fluctuations in currency (USD and EUR) against the Canadian dollar are evaluated each quarter and Kärcher Canada then sets the CAF (Currency Adjustment Factor).

As a result, starting April 1st, 2026 any order received will have a Currency Adjustment Factor of 4.00%.

Please continue to submit PO pricing by either adjusting each line item with 4.00% of the value, or by adding the 4.00% value to the order value before taxes. We will continue to monitor and evaluate the Canadian dollar to consider revision of the Currency Adjustment Factor next quarter if necessary*.

Thank you for your continued loyalty and support.

Sincerely,

Paul Frechette
Vice President & General Manager
Kärcher Canada Inc.

*Please note that we reserve the right to adjust our prices without notice due to unforeseen cost increases of imported products, raw materials, or currency fluctuations
