

May 13, 2022

Dear Valued Customer,

Strong global demand, plus the continued rising costs of feedstock, energy and logistics have resulted our resin suppliers implementing the previously announced price increase effective May 1, 2022.

Accordingly, Malpack will implement an increase of 6% effective with all new orders received on or after May 31, 2022. All orders must call for immediate delivery and are subject to allocation based on a historical monthly average. Malpack reserves the right to accept or reject any order for any reason.

Your Malpack Sales Representative will be in contact with you to answer any questions or concerns you may have and continue to advise you on the changing market conditions. We at Malpack wish to thank you for your continued support and loyalty.

Regards,
