

## NOTIFICATION: July 1 price update

Dear CFS Brands customer,

We continue to see unprecedented market increases for resin and freight, labor shortages driving higher wages and employee benefit costs, along with general supply chain capacity constraints compounded by recent political conflicts and ongoing COVID-19 restrictions.

As a result, we will raise prices effective July 1, 2022.

The new pricing structure will be in effect for all shipments after June 30, 2022.

You will receive new price lists that will go into effect July 1, 2022.

CFS Brands is committed to investment in customer experience, infrastructure, innovation, and acquisition. Recent innovations include a [redesigned Bronco® can](#), a 35-quart [divided mop bucket](#) with soiled water insert, an extension to our [color-code line of cleaning products](#) tailored to the food processing industry, an extension to our line of [looped-end](#) and [cut-end](#) mops for wet floor care, the [EZ-Fit hot lid dispenser](#), improved [Smart-Therm®](#) and [DuraTherm®](#) induction chargers, and new options for our Totally Quiet™ Compact meal delivery cart including a [fold-down shelf](#) and [beverage drawer](#). Earlier this year, we added WipesPlus to our acquisition portfolio extending our offering to help keep people safe, clean, and nourished.

We thank you for your continued partnership and look forward to working with you in 2022 and beyond.

Sincerely,
