**Clean and shine
your floors at the
same time.**

“Time restraints only allow us to burnish floors once or twice a year. We were excited to test the new Clean & Shine Pad, and immediately saw tough scuffs disappear and a polished shine [appear] within days.”

*— Nick Schmidt, ICE, manager,
building custodial & support services
for Western Michigan University*

Scotch-Brite™ Clean & Shine Pad

The Scotch-Brite™ Clean & Shine Pad shines the floor as you clean. With repeated use, your floors gradually achieve burnish-quality results without the extra step of actually burnishing. Using a low-speed auto scrubber with just plain water or neutral cleaner the Scotch-Brite™ Clean & Shine Pad effectively removes scuff marks faster than traditional floor pads, and lasts significantly longer.*

Simplify your floor maintenance.

Use the two-sided Scotch-Brite™ Clean & Shine Pad for daily cleaning and dustless polishing.

Efficient — removes black marks
3 times faster than traditional cleaning pads.

Reduce burnishing — increases shine with each use to reduce or even eliminate the need for burnishing.

Less equipment — cleans and shines in the same step using only a low-speed scrubber.

Safer — eliminates the need for chemicals with effective water-only cleaning.

Versatile — can be used on most coated and uncoated floors including VCT, vinyl, stone, terrazzo, concrete, marble, granite and rubber.

Enhance shine while you clean

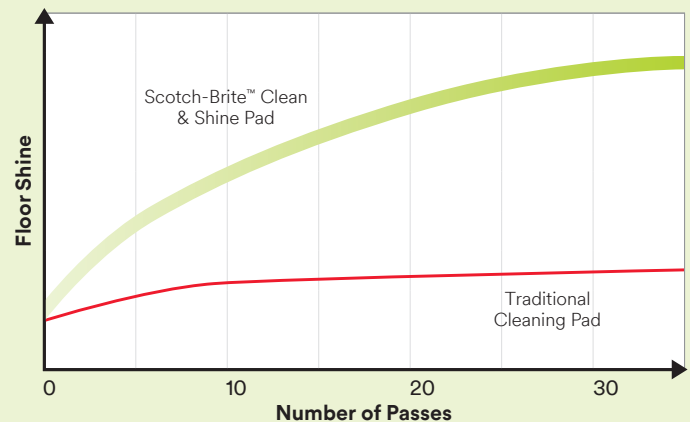

2-in-1 daily cleaning pads outshine traditional floor pads with less time, effort, and equipment.*

Shine increases with each use.
