Features/Benefits

This degreasing cleaner is an ultra-powerful solution specially developed to quickly remove oils, grease, soot, stubborn dirt, as well as certain inks and dyes. It is ideal for concrete, rubber, plastic, enamel, and metal surfaces thanks to its built-in anti-corrosion agent that protects metals from rust.

USE: Apply directly to the surface or use a sponge soaked in the diluted solution, then wipe with a clean cloth or microfiber cloth. Rinse thoroughly with potable water. Protect the product from freezing.

Refer to the Safety Data Sheet (SDS) for additional information.
