

Emulsinator

Aggressive No-Rinse Stripper

This floor finish stripper will quickly emulsify all types of conventional floor finish. This product is designed to remove many layers of floor finish in less time with less effort and no rinsing. Floors are ready to recoat without neutralizing when used as directed.

Features

Powerful formula cuts through layers of old finish in minutes.
Rinse free - No alkaline residue.
Low foaming.

Available In

4 - 1 Gal. Bottles Item #15104-00

5 Gal Bag in Box Item #151B5-00

Directions for Use

Recommended for removing water-based acrylic floor finishes from all types of resilient tile and hard surfaces. Pre-test in a small area; color bleeding or discoloration may occur on linoleum, rubber tile or asphalt tile. Not recommended for stripping linoleum or sheet vinyl floors. Sweep or dust mop the floor to remove any large debris. Dilute with warm to hot water. For normal stripping, dilute 13 oz./gal. or 100 mL/L (1:10) of water. For heavy stripping, dilute 25 oz./gal. or 200 mL/L (1:5) of water. Apply solution liberally to floor surface. Allow a minimum of 5 minutes contact time. Be sure to keep surface wet at all times. Agitate with a low-speed rotary machine, automatic scrubber or stripping machine. Pick up the solution with a wet vacuum, an automatic scrubber or a mop and bucket and thoroughly rinse the floor. Allow floor to dry completely before applying finish or sealer. No flood rinsing is necessary if surface appears free of dust and residue. Please recycle empty container.

Tech Specs

Color	Clear, slight amber
Flash Point	None
Fragrance	Sassafras
Freeze/thaw stability	3 cycles
Residue on evaporation	None
pH	13.5 - 14.0
pH @ 10% solution	12.5 - 13.0
Warranty	0 years
Specific gravity	1.02
