

Pine-Sweep

Sweeping Compound 100 % biodegradable

Applications :

Sprinkle a line at the beginning of the surfaces to be swept. It is not necessary or suggested to cover the floor entirely with powder. Sweep immediately after application as floors may become slippery after an extended period

Advantages :

- Contains natural ingredients such as sawdust and finely crushed stone.
- Does NOT contain silica or any hazardous goods.
- Prevents inhaling dust while sweeping.
- Ideal for cleaning construction site, storage sites and freight transport trailers.
- Suitable for any type of floor.
- Picks up dirt and dust without leaving any oil film or residues.
- Supplied in 10 kg, 20 kg, 100 kg format.

Spécifications :

Color	Green
DIN	No
Scent	Pine
pH	Not determined
Viscosity	Not determined
Solvent	No
Phosphates	No
Food Safety	No
Storage Food Facility	Yes
Kosher	No
Durability	Up to 4 months (recommended)
