

# InstantFOAM™

Alcohol Hand Sanitizer  
 Ethanol (Alcohol) 72% v/v NPN 80002518

**PRODUCT DESCRIPTION**

Highly effective alcohol based hand sanitizer dispensed as a foam. The world's first alcohol foam hand sanitizer.

**WHERE TO USE**

Ideal for use in all food handling environments where high levels of hand hygiene are vital. Also, suitable for use in cafeterias, office areas, rest areas and any public facility to help prevent the spread of germs.

**WHEN TO USE**

**Food handling environments** - use hand sanitiser as recommended by HACCP risk assessment.

**General hygienic use** - use hand sanitizer after coughing, sneezing or touching potentially contaminated surfaces.

**HOW TO USE**

For **general hand hygiene**- apply 1-2 doses to clean dry hands and rub in well across all parts of hands for a minimum of 15 seconds or until hands are dry.

FORMAT: **FOAM**

FEATURES	BENEFITS
<b>ECOLOGO™ Certified<sup>1</sup></b>	This product is certified to meet ECOLOGO UL 2783 Standard based on criteria for product formulation and manufacturing, and human health & environment toxicity. UL.com/EL
<b>Highly effective</b>	Highly effective formula kills many common germs.
<b>Instant foam action - dispensed as a foam</b>	Rapidly and easily rubs across hands, providing the user with complete control of the product, preventing the dripping and splashing associated with using liquid alcohol sanitizers.
<b>Does not contain gelling agents</b>	Unlike alcohol gel sanitizers, the product does not contain gelling agents that leave the hands feeling sticky, particularly after multiple uses.
<b>Pleasant-to-use</b>	The rich foam is extremely pleasant for frequent use in-between hand washing, encouraging maximum compliance.
<b>Perfume-Free and Dye-Free</b>	Designed for people who are sensitive to perfumes and dyes and who prefer products which do not have these added.
<b>Skin Hypoallergenic</b>	Dermatologist tested to verify and confirm this product has very low allergenic potential and is designed for sensitive skin.
<b>Suitable for food facilities</b>	Product has been independently evaluated and trace amounts of the product are not expected to cause adverse toxicological effects. Food handlers should use product only in accordance with label instructions and product should not come directly into contact with food or items that contain food.
<b>No mess</b>	Does not clog pumps or splash and drip on surrounding floor and wall surfaces as associated with liquid and gel sanitizers.
<b>No water required</b>	Quickly dries on hands without the need for rinsing with water. Ideal for use outside the washroom at the point of need.
<b>Convenient</b>	Available in a range of sizes for use in different workplace and public environments.
<b>Glove compatible</b>	Suitable for use with latex, vinyl and nitrile gloves.

## Alcohol Hand Sanitizer

Ethanol (Alcohol) 72% v/v NPN 80002518

### STATUTORY REGULATIONS

This product is manufactured, labeled and licensed in compliance with the Canadian Food, Drug & Cosmetic Act. SC Johnson Professional products are tested to ensure they meet the quality requirements for registered products as per Health Canada regulations.

### SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to our Safety Data Sheet which can be downloaded from [www.scjp.com](http://www.scjp.com).

### INSTRUCTIONS FOR USE

For personal hand hygiene. Use as needed throughout the day, as part of your daily cleansing routine.

Apply 2-3 mL to clean, dry hands. Rub thoroughly onto hands and allow to dry.

Waterless instant antiseptics should not be used as a complete substitute for regular handwashing, but as a supplement.

### SHELF LIFE

This product has a shelf life of 48 months from the date of manufacture when stored unopened at room temperature

### SUITABLE FOR USE IN FOOD HANDLING AREAS

The use of InstantFOAM™ as per usage instructions, does not influence the quality and safety of foodstuffs.

The product has been assessed using the HACCP hazard analysis methodology. The following critical control points were identified and are controlled as follows:

1. Impact on smell and taste of foodstuffs - The formulation has been independently tested according to 'Sensory Analysis - Methodology - Triangle Test BS EN ISO 4120:2007' and proven to not have the potential to taint food.
2. Possible toxic effects of ingredients - An independent oral toxicological evaluation was performed and concluded that any foodstuffs which may contain trace amounts of the product are unlikely to cause adverse toxicological effects.

### CERTIFICATIONS

#### ECOLOGO™ Certified

This product is certified to meet ECOLOGO UL 2783 Standard for Sustainability for Personal Care Products. ECOLOGO certifications are voluntary, multiattribute, life cycle based environmental certifications that indicate a product has undergone scientific testing, auditing, or both, to confirm its compliance with such standard. ECOLOGO UL 2783 Standard sets criteria for product formulation and manufacturing, and human health & environment toxicity. For more information and to view the specific standard, visit [UL.com/EL](http://UL.com/EL)

### QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow Current Good Manufacturing Practice (cGMP) and/or Cosmetic GMP requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in SC Johnson Professional's high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

### COMPATIBILITY ASSURANCE

#### Glove Compatibility

In independent testing, the use of InstantFOAM™ in combination with reputable latex, vinyl and nitrile gloves does not have any deleterious effect on the glove tensile properties using BS EN 455-2:2009 test methodology.

### PRODUCT SAFETY ASSURANCE

#### Skin Compatibility Test

Clinical dermatological tests have been conducted to assess the skin compatibility of the product using voluntary test persons in enclosed and repeat application models. These tests, as well as in practical use, have proven that the product has very good skin compatibility. Skin compatibility expert reports are available upon request.

#### Toxicological Approval

The product has been independently assessed for human toxicity and product stability. It is declared safe for intended use, meeting all relevant regulatory requirements.

#### Skin Hypoallergenic Risk Assessment

The perfume-free and dye-free formulation did not demonstrate potential for eliciting dermal sensitization after conducting an independent 6 week Human Repeat Insult Patch Test (HRIPT).

Allergy sufferers should always refer to the ingredient list before using the product.
