LESS HARMFUL TO VEGETATION

Non-hygroscopic formulation. Won't hurt grass, trees or other vegetation.*

NON-TRACKING

Will not harm carpets and floors. Will not damage leather or footwear.*

LESS DAMAGE TO CONCRETE

Reduced damage to concrete when used as directed.

EASY DISPERSION

Extended shelf life.

*When used as directed

Distributed by:

Fast Acting

ICE CUTTER™ combines the most effective deicing ingredients; creating the desired reaction to initiate deicing and meltdown. **ICE CUTTER™** when pre-applied prevents snow and ice from bonding to the surface area. As **ICE CUTTER™** goes to work, its time released formula stays on the surface area longer, helping to control the freeze/thaw cycle.

Health and Safety

ICE CUTTER™ is safer to handle without protective clothing. It does not dry out or irritate skin.*

Non-Tracking

When properly dispensed, **ICE CUTTER™** minimizes tracking on floors and carpets.

Safer Ice Melter

ICE CUTTER™ goes after the ice and snow; clearing the way to safety. **ICE CUTTER™** provides safe, no slip protection on steps, sidewalks and driveways.

Environmentally Formulated

Nature's own ingredients combine for just the right formula. Unlike some de-icers, **ICE CUTTER™** works to preserve "vegetation and plant life" when used as directed. With **ICE CUTTER™**, there is no slimy residue being tracked in, making clean up virtually non-existent.

Easily Dispersed & Extended Shelf Life

ICE CUTTER™ is specially formulated with an anti-caking agent to allow for free-flowing dispersion.

Visually Measured

Not only will you see the quick action of **ICE CUTTER™**, specially coated with **green** colour indicator, going to work on the snow and ice, this product will allow the precise spreading to ensure cost-effective dispersion.
