

# Clear Magic

*Rubber & Vinyl Dressing - Non Aqueous System*

- This unique non-aqueous system provides a superior gloss and extended protection and durability over conventional aqueous and non-aqueous formulations
- Highly effective conditioner, protectant and restorer for rubber, vinyl, plastic, finished leather and sealed wood
- Seals out water, dirt and stain penetration
- Reconditions and softens surfaces
- Prevents premature drying, cracking, fissuring, dulling and fading
- Protects materials and increases their durability
- Highlights the richness of textures and preserves the original surface beauty
- Imparts water repellency and a lustrous gloss
- Anti-static finish. Provides a dust repellent barrier
- Resists fingermarks
- Resistant to multiple washings
- Applies easily and does not smear
- Serves a wide variety of uses around the house, office, car, boat and for commercial and industrial areas
- Ideal as an interior and exterior automotive treatment. Reconditions tires, door and window trims, bumper moldings, dashboards, vinyl seats, rubber mats, rubber engine surfaces and more

## Physical Characteristics

Color	Clear, slightly viscous liquid
Odor	Blue
Anti-Static System	Vanilla-coconut fragrance
Specific Gravity	Block copolymer type
Vapour Density (air = 1)	0.80-1.10 (20°C)
Active Ingredients	>1
Solubility	100%
Foam Characteristics	Immiscible with water
Water Resistance	Very low
Use Dilutions	Exceptional

Spray an even mist directly onto clean, dry surface or apply evenly with a clean cloth or sponge. Reapply as necessary to maintain surface appearance and protection

## Packaging Formats

- 12 x 500mL
- 12 x 1L
- 4 x 4L
- 20L
- 205L
