

DP-175

Concentrated Powder Degreaser

- Ideal for floors and other hard surfaces where soil, grease and grime collect
- Excellent for use in industrial plants, commercial centers, garages and food processing areas
- Exceptional on concrete, asphalt, slate, quarry, terrazzo, marble and ceramic floors
- Highly alkaline yet contains no harsh or damaging caustics
- An outstanding emulsifier system
- Contains pure Pine oil which allows for the emulsification of deeply rooted soils
- Deodorizes and leaves behind a fresh, pine wood scent
- A built-in color indicator regulates the dilution requirements
- Effective with and without mechanical agitation
- Soluble in hot or cold water
- Leaves no residue
