

UNICA SUPER DERM 1100

DESCRIPTION

White antibacterial moisturizing cream with a light cherry fragrance formulated for hands and body. It's particularly effective after hand washing to help regenerating the skin's natural oils. It's easy to apply, spread immediately and fast absorbing, leaving no greasy or sticky sensations.

DIRECTIONS

Apply a small amount on washed skin and rub well for penetration. Repeat when needed as often as necessary.

TECHNICAL DATA

Appearance	Soft cream
pH (as is).....	6.0 - 7.0
Viscosity (21 °C).....	20000 cps
Colour.....	White
Fragrance	Discrete cherry
Characteristic	Natural ingredients
Biodegradability	Complete
Emollient	Lanolin, glycerin and aloe vera
Antibacterial	Triclosan

SPECIAL ADVANTAGES

1. When applied, this cream makes an invisible dry and non-sticky film on hands
2. Accepted by Agriculture Canada - Food Production and Inspection Branch.
3. Unica Super Derm contains lanolin, glycerin and aloe vera in order to hydrate and soften irritated skin. These emollients factors keep skin from dehydrating when exposed to dry air.
