

AUTOLAVE

Car Wash Detergent with wax

DESCRIPTION

AUTOLAVE is a professional quality ultra concentrated biodegradable foam liquid detergent, specially formulated for cars, boats, trucks and motorcycles. It can be used for hand or automatic car washing. Its mixture of powerful detergents and its rich and abundant foam wash away dirt, road film, bugs and other contaminants and won't attack the paint, wax, protective finish, rubber finishing bands or the chrome. Its also contains wax that let a durable and shiny finish. Gives superb result on all type of paint. Without phosphate.

ADVANTAGES

1. Less toxic and made from biodegradable ingredients.
2. Have a control Ph for delicate vehicle surfaces.
3. Incorporated wax that gives shiny finish and won't leave marks.
4. Extra foamy.

TECHNICAL DATA

pH (as is)	8.0 – 8.5
Density (20°C)	1.3 g/cc
Colour	Red
Fragrance	Discrete cherry
Characteristic	None
Biodegradability	Complete
Flash Point	More than 95°C
Freezing Stability	Keep out from freezing
Degradability determined in accordance with OECD no. 301D.	

DIRECTIONS

Use 5mL of detergent per litre of warm water. If the vehicle is exposed to direct sunlight, wait for 15 to 30 minutes for the surface to cool. Rinse well after washing.
